WILL TAKE PLACE AT THE NORMAL THIS EVENING.

MANY ARRIVED TODAY

If Weather Continues Fair, the Meet On Saturday Will Be Well Attended—Many From St. Joseph.

Everything is in readiness for the fifth annual oratorical contest and track meet. The contest will be held at the Normal school this Friday evening at 7:30 o'clock, and music will be furnished by the Central high school orchestra of St. Joseph. The preliminaries in the oratorical contest are being held this afternoon at the school and all will be eliminated but four boys and four girls.

A number arrived Friday noon to attend the contest and meet. The Central high school orchestra of St. Joseph, accompanied by a number of students, came in on the Burlington today at noon. Delegations from some of the other towns also are in the city. Platte City is represented by Col. W. T. Jenkins of the Platte City Landmark, Jack McMonigle, Spence Redman and Gates Wells. A number of others will come this evening. Col Jenkins has attended all of the track meets that have been held in Maryville.

The special will arrive about 9 o'clock a. m., and will leave after the meet. The indications are that it will be the biggest track meet.

The preliminaries for the meet will be held Saturday morning at the Normal.

One Given This Morning at Assembly —Many Visitors in Attendance.

A special musical program was given in the Normal school assembly this morning by a quartet composed of P. O. Landon, Marie Jones, Nellie Wray and Orlo Quinn and by Rev. G. S. Cox.

The quartet gave two numbers, "The Blue Danube Waltzes," by Strauss, and an arrangement of the sextet from "Lucia di Lammermoor," by Donizetta.

Miss Jones sang two solos, "Carissima," by Penn, and "The Nightingale Has a Lyre of Gold," by Whelpley. Mr. Cox gave two numbers, "The Years at the Spring," by Beach, and "Irish Love Song," by Margaret Ruthven Lang.

The singers were enthusiastically received by the audience, and received hearty encores. At the conclusion of the program President Richardson spoke a few words in appreciation of the program which Mr. Landon had arranged on such short notice. Quite a large number of visitors are spending the day at the Normal school today.

K. P.'S HAD CROWD

HELD FIFTH SEMI-ANNUAL MEETING HERE THURSDAY.

150 KNIGHTS ATTENDED

Several Addresses, After Which a Banquet Was Held at First Christian Church.

The fifth semi-annual meeting of the First Missouri District Pythian association was held in this city Thursday, and a large delegation of Knights arrived on the special from St. Joseph. There were about 150 Knights in attendance.

The lodges of Maryville and Stanberry held the meeting jointly on this occasion. This was the last district convention held under the administration of Grand Chancellor Crites of Rolla, Mo.

Besides the four St. Joseph lodges, the district comprises those at Albany, Grant City, Maitland, King City, Bolckow, Bethany, Rock Port, Fairfax, Allendale, Grand River, Cainesville, New Hampton, Eagleville, Tarkio, Platte City, Watson, Rochester, Weston, Gillman City, Ridgeway, Maryville, Darlington and Stanberry.

The special arrived at about 3:30 p. m., and a meeting was held at the hall at 4 p. m., at which time addresses were delivered by Grand Chancellor Joseph J. Crites of Rolla, L. H. Kelsey, grand prelate, of St. Joseph, and the silver tongued orator, John Abbott Clark of Cameron, deputy grand chancellor of the fourth district.

The Knights then retired to the First Christian church, where a sumptuous luncheon was served at 6 o'clock. Charles Hyslop acted in the capacity of toastmaster, and after a short toast by Hyslop, Merrill Otis a former Maryville boy, responded in a most cordial manner to the wealth and health of Nodaway county. He was followed by Prelate Kelsey of St. Joseph, and he by Sam Hutchinson of Kansas City, Oscar D. McDaniel of St. Joseph, Grand Chancellor Crites of Rolla, and J. Fred Hull of Maryville, all responded in the welcome manner in which they had been received by the Maryville lodge.

Another session was held in the hall after the luncheon, at which time the rank of Knight was conferred by the Stanberry lodge, after which a report of the twenty-eight lodges of the district was read, followed by a business session, when officers for the ensuing year were elected, as follows:

President, Merrill Otis, St. Joseph.

Vice president, E. R. McMann, Fairfax.

Secretary, R. M. Schatz, St. Joseph.

Treasurer, A. Goode, Watson, re-elected.

The committee appointed on resolutions were W. A. Combs, Allendale; A. J. Hale, Darlington; Carl Griswold, St. Joseph.

Committee on credentials, Hal Hooker and W. W. Smith of Stanberry.

The next semi-annual meeting will be held in October at St. Joseph.

LECTURE THIS EVENING.

The Last Number of Lecture Course to Be Given by Dr. S. H. Clark.

The last number of the Lyceum lecture course will be given this evening at the First M. E. church by Dr. S. H. Clark, dean of the school of public speaking, University of Chicago. The lecture will commence promptly at 8 o'clock. His subject will be "Les Miserables."

Accident Near Burlington Junction.

A bad accident occurred near the Hiles farm, west of Burlington Junction Monday, when a fine team belonging to Mark Hiles was ruined and Alvin Kingery was seriously injured by being thrown into a disc. Alvin had started to an adjoining farm, which his employer had rented. He was driving a team to the disc and was leading another team. As they were passing a farm house a little dog ran into the road and frightened the lead team. The animals plunged forward and the tongue of the wagon struck Alvin in the back and knocked him in front of the disc. What happened afterward is a matter of conjecture. The team was valued at $400.

STATE BOARD MEET

MEETING OF STATE BOARD OF AGRICULTURE WILL BE HELD HERE

WEDNESDAY MAY 6TH

Many Prominent Speakers, Including Gov. Major—to Be Held in Court House—Everybody Invited.

The state board of agriculture will hold a meeting in Maryville, Wednesday, May 6th, at which time the entire state board will be present. Governor Major has sent word that he will be present and deliver a message that will be of interest to the farmers especially. His lecture will be delivered at 2 p. m., and everybody is requested to be present who is interested in agriculture.

C. D. Bellows of this city is one of the corporate members of the board and has been instrumental in bringing about the meeting being held at Maryville.

W. D. McKee and Mr. Bennett of Carthage, and J. Kelly Wright of Columbia will also make short addresses in regard to dairying.

This meeting should be well attended, owing to the fact that it is being held purely in the interest of persons interested in the pursuits of agriculture and dairying. It will be helpful and advantageous to attend the meeting. A more detailed program will be published later.

M'DONALD BEFORE ELLISON.

Trial of Indicted Police Commissioner Proceeds Before Judge W. C. Ellison.

The trial of Police Commissioner Joseph I. McDonald went to trial Thursday morning in the criminal court of St. Joseph, before Judge Ellison of Maryville, the defense having taken a change of venue from Judge Ryan.

Attorneys for the defendant are John D. McNeely, Lucien J. Eastin and Vinton Pike, with W. K. Amick and Charles F. Strop.

The three cases against Dr. Crandell were also set for Thursday. It is presumed that they will be continued until after the McDonald case is disposed of.

Among the features of the case is the unusual number of witnesses who have been summoned by the defense. Among those subpoenaed were the prosecuting attorney and all of his assistants, the sheriff and his deputies, the circuit clerk and deputies, Circuit Judge Mayer, Judge R. E. Culver, and several members of the grand jury, beside many others.

McNeely filed a motion to quash the indictment. Among the reasons assigned are these:

That the indictment is vague and does not state any offense under the law.

That the indictment is duplicitous in that it attempts to join in one count two distinct offenses.

That the alleged grand jury by which said indictment is pretended to have been returned was not selected as nearly equar from each township as possible, as required by law.

That part or all of said alleged grand jury which returned said indictment, if at all, were selected not by the sheriff of his own volition and free from improper influences and prejudices on the part of himself and others, but, on the contrary, through a conference between said sheriff and certain unauthorized persons, towit. the prosecuting attorney and certain other state and county officers, and the attorney for the news corporation, all of whom are maliciously active political enemies of this defendant.

The prosecuting attorney and his assistant, Sherman, read the motion to quash, and then asked the court to adjourn until 1:30 p. m., which was done.

Miss Williams Better.

Mrs. J. R. McKillip of St. Joseph visited in Maryville Wednesday afternoon. Her sister, Miss Louise Williams, manager of the McDonald garment factory here, who has been ill several weeks, is improving nicely and will return to her work in two or three weeks.

BUILDING NOW ASSURED.

Practically Certain That a Masonic Home Will Be Built Here in the Near Future.

It now looks as if the Masonic building will be erected here in the near future. All of the Masonic lodges are back of the proposition, and all of the members are enthusiastic for the new building. The plan is to buy two lots close to the business section and erect a two-story building with a basement. As has been proposed, the first floor will probably be rented by the Y. M. C. A., such an organization to be formed soon.

A public spirited citizen has offered to sell two lots to the Masons for $4,500 that is one block from the square. He also offers to give $1,000 toward the building of a Masonic home and $1,000 toward the Y. M. C. A. organization, provided that they rent the first floor of the Masonic building. The site as offered is a good one.

Many others are interested in a Masonic building, and it is believed that enough can be raised from the members of these lodges to pay for the lot.

The Y. M. C. A. organization is being well received, and it now looks as a sure proposition.

A HOME TALENT SHOW.

"Another Night in Bohemia" Will Be Staged Thursday, April 30.

Next Thursday a company of about forty of our home talent singers and actors will present "Another Night in Bohemia."

This is similar to a minstrel show, the part of interlocutor, however, being taken by W. H. Crawford, who acts as host to a crowd of his young men friends who have called at his home to surprise him on his birthday.

The end men parts are assumed by the colored waiters, who are told to help entertain the guests.

Amusement for the evening is furnished by songs and stories. Solos by H. J. Becker, Ed Goodspeed, Clyde Hutton, W. H. Crawford, Ed Gray, Wayne David, Harold Staples and a number of others, assisted by a large chorus, complete the first part.

The olio, or second part, is composed of three numbers.

"Up in the Air" is a short comedy sketch presented by Harvey McClary, Fred Lewis, Miss Teresa Yehle, Hazel Smith and Blanche Shipps. It is the story of a young doctor who is trying to learn the art of flying without his friends, also the insurance companies knowing it. The situations are surely comical.

Edison Blagg and Jesse Miller, Jr., make their first appearance on the home stage in a comedy singing and talking act. The successful manner in which they present their songs leads us to predict that they will be much in demand for future home talents.

The program is completed by a novelty musical act by Misses Bess Scott, Edith Wilson and Glenn Goff, who use some classical and popular numbers for three pianos, also some selections for piano, voice and violin, and songs and dances.

For a finale they have selected a burlesque on the sextet from "Lucia," which is full of comedy, and real music, too.

Altogether it is a program with more good music than has been attempted here for a long time; the first real minstrel show for years, and guaranteed to be free from all suggestive stories.

It should meet with a large attendance, as a portion of the proceeds go to the charity board.

FINAL WORKOUT.

Maryville High School Track Team Expects to Make a Good Showing.

The local high school team will take their final workout this afternoon at the Normal school track in preparation for the meet tomorrow.

Nothing but very light work will be done so the men will be in the best possible shape for tomorrow. Paul Willson has been doing good work in the pole vault, and with things breaking even tomorrow should annex some points for the high school. Flemming and Pickens have been showing up well in the dashes. Gorman has been heaving the shot about 36 feet, which should place him on the pay list in that event. Coach Polson says that the men are in good shape, and thinks a fair share of the spoils should come Maryville's way tomorrow. The men who will represent the high school are Gorman, Murray, Benight, Glass, L. Willson, P. Willson, Flemming, Strader, Yehle, Pickens, Miller and Farmer.

Mrs. N. T. Saldy is here again at the Elite millinery store with a new line of beautiful fancy work, such as Maderia hand embroideries, Venetian and Filet laces, and a variety of other things. Will be here a few days.

Words of Praise For Mayr's Wonderful Stomach Remedy

"How thankful we are to you for getting a hold of your wonderful Remedy. My wife could not have had but a short time to live if she had not taken your Wonderful Remedy when she did. One more of those paroxysm pains she was having would have killed her without a doubt. Now she is free from all pain, free from heart trouble and free from that disturbing Neuralgia—all the results of five treatments—and the expulsion of five or six hundred Gall Stones. Now she is able to eat anything she wants and her appetite is good and before taking your medicine she had no appetite and when she ate anything she would suffer death for so doing and could not sleep at night; since taking your treatment she sleeps well all night long. T. A. NEALL, Roanoke, Texas."

The above letter should convince you more than anything we could say in behalf of Mayr's Wonderful Stomach Remedy. Sufferers should try one dose of this Remedy—one dose should convince them that they can be restored to health. Nearly all Stomach Ailments are caused by the clogging of the intestinal tract with mucoid and catarrhal secretions allowing poisonous fluids into the Stomach and otherwise deranging the digestive system. Mayr's Wonderful Stomach Remedy painlessly removes these accretions without a surgical operation and puts an end to Colic Attacks, Gases in the Stomach and Intestines and all of the usual symptoms of Stomach, Liver and Intestinal Ailments. Ask your druggist about Mayr's Wonderful Stomach Remedy or send to Geo. H. Mayr, Mfg. Chemist, 154 Whiting St., Chicago, Ill., for free booklet on Stomach Ailments and many grateful letters from people who have been restored.

GRIPPE PREVALENT.

How to Regain Strength After a Severe Attack.

With so much grippe prevalent this winter a few words of advice regarding its cause and treatment will not be out of place.

Grippe is an infectious disease easily taken when the system is in a tired or run-down condition.

The best means of prevention are to keep the blood in good healthy condition, and if the system gets into a weak, run-down condition, take Vinol, our delicious cod liver and iron tonic.

A lady from Long Branch, N. J., says: "Grippe left me in a nervous, weakened, run-down condition. After taking three bottles of Vinol I am better and stronger than I have been for years, and I cheerfully recommend Vinol to all who have suffered from the grippe and need strength." (Name furnished on request.)

We have never sold in our store such a valuable strength creator and health restorer for the convalescent, the weak and run-down as Vinol, and your money will be returned if it does not do all we claim for it. Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

Shakespeare's Birthday Celebrated.

Shakespeare's birthday was observed in a most fitting manner Thursday afternoon when the Shakespeare department of the Twentieth Century club met at the home of Mrs. Ferdinand Townsend. Roll call was responded to by favorite Shakespeare character, and why? Mrs. G. B. Holmes read a well prepared article on "Comparison of Shakespeare and Ibsen." This was followed by a vocal number, "Blow, Blow, Thou Winter Wind," by Mrs. Townsend. The special feature of the afternoon's program was a lecture, "The Genius of Shakespeare," given by Rev. G. S. Cox. Excerpts from the lecture follow:

Some one has said that poets are born and not made. The native originality of a man is often hard to catch, and much more difficult in the case of one so startlingly versatile as Shakespeare. No man can work without tools, and these we can discover in his case. His genius is not in the tools with which he works or the external form of his product, but in the stamp of mind which he placed upon his work. That is always characterized by fidelity to fact. This constitutes his universality and our interest in him today. The stage left a great heritage to him and needed but the touch of his hand to give it a perfect expression. Pioneers in poetry, prose, comedy and tragedy had blazed the way along which his genius was to follow. Holinshed's Chronicles and Plutarch's Lives were a great mine of plot, characters and materials which needed but the surface removed to reveal their treasures. With all these in hand the ability to take them and hold up the mirror to nature in all its various phases is his claim to a place among the immortals. Smiles and tears, courage and cowardice, sin and virtue, fact and fancy, natural and supernatural, the sublime and the ridiculous of life all lie so close together and are so intermingled in experience that it makes us shudder to see the possibilities of human nature. We are indebted to Shakespeare for keen analysis, and true portrayal of these forces in the making of character.

Mrs. D. J. Thomas gave a vocal solo, "Who is Sylvia?" by Schubert, and this number concluded the program. Mrs. G. S. Cox was a guest at the meeting.

FRECKLES

Now is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of othine—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength othine as this is sold under guarantee of money back if it fails to remove freckles.

1,000 Veterans of Mexican War.

As a matter of interest at this time the pension office has made public a list of surviving veterans of the Mexican war of sixty years ago. It shows that there are between 900 and 1,000 men living who served in that war, of whom about 10 per cent reside in Missouri and Kansas. James E. Wing of Hopkins is the only surviving member in this county.

Communication

A Statement From People's Telephone System Officers.

We, your board of directors of the People's Telephone Union, Maryville, Mo., desire to say a few words through the Maryville paper in reference to a few things pertaining to the betterment of the system and its subscribers. But few people realize the magnitude of this great enterprise, situated as it is in one of the best towns and counties in this part of the country. It is said to be one of the largest if not the largest mutual telephone systems in the corn belt, with nearly 700 subscribers, represented by farmers, citizens, business men, their families and their employees, accommodating something like 3,000 people in this one exchange. It has numerous trunk lines connecting all the towns in the county, directly or indirectly, as well as many other towns outside the county, giving free toll service to all of its subscribers in this part of the country.

This free toll line system is one of the great problems now confronting us. We need more trunk lines all over the county. We need county organization of all the mutual exchanges within the county to carry out the plan. No one not a subscriber or a member of their family or an employee should have the free use of the trunk lines. All non-subscribers are supposed to pay a toll fee of 15 cents, and unless the subscribers give us their personal aid in this matter we cannot hope to enforce the rule as it should be. It costs money to build and maintain these toll lines, and we should not be asked by non-subscribers to take care of them free, no more than we should ask the Bell long distance to take care of us free. Help us to enforce this rule and we will not only add money to our treasury, but be able to take care of your calls more promptly.

Give us your personal aid, each and every one of you, by paying your dues promptly, keeping your respective lines in good repair, reporting to us any infringements on your rights. We are ready to listen to any and all just complaints and ready to assist you in every way possible, and beg of you to lend us your aid in making this one of the best mutual telephone systems in the world. We are willing to sacrifice our own business and are very anxious to build this exchange up to where it should be, and promise you that at the expiration of our term of office you shall know in plain figures where the money came from and where every cent of it went, a thing you have a right to know. And now in conclusion, we want to kindly ask the few that are hesitating on paying their dues for this biennial period, now due, to think the matter over carefully before the time comes, that we will be compelled to cut you off or refuse you service. We are here to give every person in any way connected with this exchange, as well as all other exchanges, a square deal, and are more than anxious to serve you to the best of our ability.

Remember we are your hired servants.

Yours for a bigger and better telephone exchange.

A. H. HUGHES,

ALL QUIET IN VERA CRUZ NOW

Three More Americans Slain.

TWENTY-FIVE WOUNDED

Desultory Firing Since Landing of Forces Is Silenced

ALL INHABITANTS DISARMED

House to House Search Made and Weapons Found Are Seized.

Washington, April 24.—Fighting in the city of Vera Cruz has finally stopped. Rear Admiral Fletcher by wireless reported that desultory firing that had continued since the American forces landed Tuesday had been silenced by a house-to-house search and disarming of all inhabitants.

Rear Admiral Badger reported to the navy department that three more men had been killed and twenty-five wounded in the fighting at Vera Cruz.

Those killed were: D. J. Lane, seaman; E. H. Frohlichstein, ordinary seaman; E. C. Fisher, ordinary seaman.

The wounded list included: Frank Phillips, drummer; George J. Soden, gunner's mate, second class; E. G. Wright, ordinary seaman; H. Firdth, ordinary seaman; L. H. Taylor, ordinary seaman; W. A. Kiets, chief turret captain; R. E. Lee, ordinary seaman; Edward C. Walter, seaman; H. P. Nagorowski, private; R. O. Jans, seaman; W. L. Hawk, boatsmain's mate, second class; J. L. Harrison, seaman; P. A. Stevens, ensign; C. C. Wilcox, ordinary seaman; S. J. Everett, ordinary seaman; F. L. Bates, seaman.

Gives Out Statement.

Secretary Daniels gave out this statement:

"Admiral Badger wires that he landed the battalion from the Minnesota, Michigan and South Carolina and that the landing forces now ashore totals about 5,400 men. The Minnesota, Chester, Prairie and San Francisco are lying in the inner harbor.

"Admiral Badger reports that as a result of desultory firing three more American sailors were killed and about twenty-five wounded.

"The landing party now occupies all the city and outposts have been stationed on the sandhills in the rear, who have been engaged in constructing defensive works.

No Business Transacted.

"Admiral Badger, in command on shore, is making every effort to induce the Mexican municipal authorities to resume their duties and take up the early administration of the city. He reports negotiations fairly successful so far. No business, however, is being transacted. The public service utilities have stopped because the employees refuse to run the eventual risk to themselves of resuming employment.

"Very little food supply has been coming into the city and it is thought that within a few days the question of feeding the people of the city will become paramount and that it is possible the United States will be called upon to furnish food. The water supply is causing some anxiety.

"The Mexican forces, under General Maas, are disposed along the railroad line and while Admiral Badger reports the rumor that they are preparing to attack, he adds that any attack can be successfully resisted.

"The tugs Patapasco and Patuxent have arrived. The Nashville arrived at the same time, but proceeded down the coast."

Navy Gets Army Support.

United States troops moved to reinforce the American navy at Vera Cruz; the embargo on arms into Mexico formally was restored, and troops were ordered to the Mexican border, primarily to relieve uneasiness among border residents, but also as a precaution against hostile military operations along the international line.

Secretary Garrison announced that a brigade of infantry and some artillery under Brigadier General Frederick Funston had been ordered to embark on the four army transports at Galveston for Vera Cruz, to support the expeditionary forces of marines and bluejackets there. The chance that General Maas, the federal general, might make a return attack on Vera Cruz, with reinforcements and the possible necessity of a forward movement toward Mexico City to protect fleeing Americans, and the Vera Cruz rail road, were the underlying reasons for the military movement.

The restoration of the embargo on arms was officially announced after the pronouncement of General Carranza, the constitutionalist chief, that he regarded the seizure of Vera Cruz as a violation of Mexican sovereignty, had been considered by the administration. While Mexican constitutionalists here protested that Carranza's real attitude was friendly, the American government decided to take no chances and abruptly stopped shipment of all arms into Mexico.

Warning to Carranza.

President Wilson earlier in the day had issued a statement warning General Carranza, the constitutionalist chief, that the United States was dealing now and would continue to deal with those whom Huerta commands "and those who come to his support."

Both Nelson O'Shaughnessy, the American charge d'affaires, and Senor Algara, the charge d'affaires of the Mexican embassy, have been given their passports and have left their respective capitals. This is not regarded by the Washington government as presaging war, but a declaration of war by Huerta would not be unexpected.

The United States has chosen Brazil to look after its interests in Mexico. Where there are no Brazilian consuls, French consuls will act for the United States.

During the day a special reserve fleet, ranging from dreadnoughts to gunboats, was ordered to the Atlantic coast of Mexico.

Badger Asks Authority.

Rear Admiral Badger requested permission to capture all Mexican gunboats and vessels carrying troops or ammunition for the aid of the Mexicans around Vera Cruz.

These were the oustanding developments which came in dramatic sequence throughout a day of extreme tension.

The national capital was nervous with excitement while diplomatic relations of the Huerta government and the United States were being finally severed and the army and navy continued to put themselves on a war basis.

Revelation of the purposes of General Carranza and President Huerta are being awaited before a complete military campaign is developed. The United States intends to take no offensive steps for the present, preferring to hold Vera Cruz until the situation in Mexico City and elsewhere in the southern republic crystallizes.

Refugees Arrive.

Admiral Fletcher informed the navy department of the arrival of the refugee train from Mexico City at Vera Cruz with fifty English, 150 Americans, 300 Mexicans and 75 Germans. The first secretary of the British legation at Mexico City, the dispatch stated, accompanied the train and will return with it to Mexico City today. The refugees reported the situation in Mexico City as not unduly alarming as regards the safety of foreigners.

Rocks were thrown at some of the American buildings, notably the American club, and some commercial establishments. It was reported that two Americans, while intoxicated, had been killed on the streets, but not confirmed. An attempt was made to pull down the statue of Washington.

Miss Marcia Messenger of The Democrat-Forum has been confined to her home with sickness for the past two days.

Miss Golda Roelofson went to Barnard to attend the commencement exercises of the public schools to be held Friday night.

Sold Two Cars.

The Barmann Auto company reports the sale of a Richmond "35" to Andrew Schmidt of Parnell and a new electric lighted and starter Ford to Abe Lutz of Pickering.

Centurian Dead.

John Mulkins, centurian of Burlington Junction, died at the home of his sister, Mrs. A.S. Cochran, of that city, Wednesday. Mr. Mulkins was born near Brockwayville, Pa., October 30th, 1812, being 101 years, 5 months and 22 days old at his death. He had resided with his sister at Burlington Junction for the past six years. He was the father of seven children, three of whom are living.

Thursday evening the class will render a program beginning at 8 o'clock.

PROGRAM AT NORMAL.

One Given This Morning at Assembly —Many Visitors in Attendance.

A special musical program was given in the Normal school assembly this morning by a quartet composed of P. O. Landon, Marie Jones, Nellie Wray and Orlo Quinn and by Rev. G. S. Cox.

The quartet gave two numbers, "The Blue Danube Waltzes," by Strauss, and an arrangement of the sextet from "Lucia di Lammermoor," by Donizetta.

Miss Jones sang two solos, "Carissima," by Penn, and "The Nightingale Has a Lyre of Gold," by Whelpley. Mr. Cox gave two numbers, "The Years at the Spring," by Beach, and "Irish Love Song," by Margaret Ruthven Lang.

The singers were enthusiastically received by the audience, and received hearty encores. At the conclusion of the program President Richardson spoke a few words in appreciation of the program which Mr. Landon had arranged on such short notice. Quite a large number of visitors are spending the day at the Normal school today.

K. P.'S HAD CROWD

HELD FIFTH SEMI-ANNUAL MEETING HERE THURSDAY.

150 KNIGHTS ATTENDED

Several Addresses, After Which a Banquet Was Held at First Christian Church.

The fifth semi-annual meeting of the First Missouri District Pythian association was held in this city Thursday, and a large delegation of Knights arrived on the special from St. Joseph. There were about 150 Knights in attendance.

The lodges of Maryville and Stanberry held the meeting jointly on this occasion. This was the last district convention held under the administration of Grand Chancellor Crites of Rolla, Mo.

Besides the four St. Joseph lodges, the district comprises those at Albany, Grant City, Maitland, King City, Bolckow, Bethany, Rock Port, Fairfax, Allendale, Grand River, Cainesville, New Hampton, Eagleville, Tarkio, Platte City, Watson, Rochester, Weston, Gillman City, Ridgeway, Maryville, Darlington and Stanberry.

The special arrived at about 3:30 p. m., and a meeting was held at the hall at 4 p. m., at which time addresses were delivered by Grand Chancellor Joseph J. Crites of Rolla, L. H. Kelsey, grand prelate, of St. Joseph, and the silver tongued orator, John Abbott Clark of Cameron, deputy grand chancellor of the fourth district.

The Knights then retired to the First Christian church, where a sumptuous luncheon was served at 6 o'clock. Charles Hyslop acted in the capacity of toastmaster, and after a short toast by Hyslop, Merrill Otis a former Maryville boy, responded in a most cordial manner to the wealth and health of Nodaway county. He was followed by Prelate Kelsey of St. Joseph, and he by Sam Hutchinson of Kansas City, Oscar D. McDaniel of St. Joseph, Grand Chancellor Crites of Rolla, and J. Fred Hull of Maryville, all responded in the welcome manner in which they had been received by the Maryville lodge.

Another session was held in the hall after the luncheon, at which time the rank of Knight was conferred by the Stanberry lodge, after which a report of the twenty-eight lodges of the district was read, followed by a business session, when officers for the ensuing year were elected, as follows:

President, Merrill Otis, St. Joseph.

Vice president, E. R. McMann, Fairfax.

Secretary, R. M. Schatz, St. Joseph.

Treasurer, A. Goode, Watson, re-elected.

The committee appointed on resolutions were W. A. Combs, Allendale; A. J. Hale, Darlington; Carl Griswold, St. Joseph.

Committee on credentials, Hal Hooker and W. W. Smith of Stanberry.

The next semi-annual meeting will be held in October at St. Joseph.

LECTURE THIS EVENING.

The Last Number of Lecture Course to Be Given by Dr. S. H. Clark.

The last number of the Lyceum lecture course will be given this evening at the First M. E. church by Dr. S. H. Clark, dean of the school of public speaking, University of Chicago. The lecture will commence promptly at 8 o'clock. His subject will be "Les Miserables."

Accident Near Burlington Junction.

A bad accident occurred near the Hiles farm, west of Burlington Junction Monday, when a fine team belonging to Mark Hiles was ruined and Alvin Kingery was seriously injured by being thrown into a disc. Alvin had started to an adjoining farm, which his employer had rented. He was driving a team to the disc and was leading another team. As they were passing a farm house a little dog ran into the road and frightened the lead team. The animals plunged forward and the tongue of the wagon struck Alvin in the back and knocked him in front of the disc. What happened afterward is a matter of conjecture. The team was valued at $400.

STATE BOARD MEET

MEETING OF STATE BOARD OF AGRICULTURE WILL BE HELD HERE

WEDNESDAY MAY 6TH

Many Prominent Speakers, Including Gov. Major—to Be Held in Court House—Everybody Invited.

The state board of agriculture will hold a meeting in Maryville, Wednesday, May 6th, at which time the entire state board will be present. Governor Major has sent word that he will be present and deliver a message that will be of interest to the farmers especially. His lecture will be delivered at 2 p. m., and everybody is requested to be present who is interested in agriculture.

C. D. Bellows of this city is one of the corporate members of the board and has been instrumental in bringing about the meeting being held at Maryville.

W. D. McKee and Mr. Bennett of Carthage, and J. Kelly Wright of Columbia will also make short addresses in regard to dairying.

This meeting should be well attended, owing to the fact that it is being held purely in the interest of persons interested in the pursuits of agriculture and dairying. It will be helpful and advantageous to attend the meeting. A more detailed program will be published later.

M'DONALD BEFORE ELLISON.

Trial of Indicted Police Commissioner Proceeds Before Judge W. C. Ellison.

The trial of Police Commissioner Joseph I. McDonald went to trial Thursday morning in the criminal court of St. Joseph, before Judge Ellison of Maryville, the defense having taken a change of venue from Judge Ryan.

Attorneys for the defendant are John D. McNeely, Lucien J. Eastin and Vinton Pike, with W. K. Amick and Charles F. Strop.

The three cases against Dr. Crandell were also set for Thursday. It is presumed that they will be continued until after the McDonald case is disposed of.

Among the features of the case is the unusual number of witnesses who have been summoned by the defense. Among those subpoenaed were the prosecuting attorney and all of his assistants, the sheriff and his deputies, the circuit clerk and deputies, Circuit Judge Mayer, Judge R. E. Culver, and several members of the grand jury, beside many others.

McNeely filed a motion to quash the indictment. Among the reasons assigned are these:

That the indictment is vague and does not state any offense under the law.

That the indictment is duplicitous in that it attempts to join in one count two distinct offenses.

That the alleged grand jury by which said indictment is pretended to have been returned was not selected as nearly equar from each township as possible, as required by law.

That part or all of said alleged grand jury which returned said indictment, if at all, were selected not by the sheriff of his own volition and free from improper influences and prejudices on the part of himself and others, but, on the contrary, through a conference between said sheriff and certain unauthorized persons, towit. the prosecuting attorney and certain other state and county officers, and the attorney for the news corporation, all of whom are maliciously active political enemies of this defendant.

The prosecuting attorney and his assistant, Sherman, read the motion to quash, and then asked the court to adjourn until 1:30 p. m., which was done.

Miss Williams Better.

Mrs. J. R. McKillip of St. Joseph visited in Maryville Wednesday afternoon. Her sister, Miss Louise Williams, manager of the McDonald garment factory here, who has been ill several weeks, is improving nicely and will return to her work in two or three weeks.

BUILDING NOW ASSURED.

Practically Certain That a Masonic Home Will Be Built Here in the Near Future.

It now looks as if the Masonic building will be erected here in the near future. All of the Masonic lodges are back of the proposition, and all of the members are enthusiastic for the new building. The plan is to buy two lots close to the business section and erect a two-story building with a basement. As has been proposed, the first floor will probably be rented by the Y. M. C. A., such an organization to be formed soon.

A public spirited citizen has offered to sell two lots to the Masons for $4,500 that is one block from the square. He also offers to give $1,000 toward the building of a Masonic home and $1,000 toward the Y. M. C. A. organization, provided that they rent the first floor of the Masonic building. The site as offered is a good one.

Many others are interested in a Masonic building, and it is believed that enough can be raised from the members of these lodges to pay for the lot.

The Y. M. C. A. organization is being well received, and it now looks as a sure proposition.

A HOME TALENT SHOW.

"Another Night in Bohemia" Will Be Staged Thursday, April 30.

Next Thursday a company of about forty of our home talent singers and actors will present "Another Night in Bohemia."

This is similar to a minstrel show, the part of interlocutor, however, being taken by W. H. Crawford, who acts as host to a crowd of his young men friends who have called at his home to surprise him on his birthday.

The end men parts are assumed by the colored waiters, who are told to help entertain the guests.

Amusement for the evening is furnished by songs and stories. Solos by H. J. Becker, Ed Goodspeed, Clyde Hutton, W. H. Crawford, Ed Gray, Wayne David, Harold Staples and a number of others, assisted by a large chorus, complete the first part.

The olio, or second part, is composed of three numbers.

"Up in the Air" is a short comedy sketch presented by Harvey McClary, Fred Lewis, Miss Teresa Yehle, Hazel Smith and Blanche Shipps. It is the story of a young doctor who is trying to learn the art of flying without his friends, also the insurance companies knowing it. The situations are surely comical.

Edison Blagg and Jesse Miller, Jr., make their first appearance on the home stage in a comedy singing and talking act. The successful manner in which they present their songs leads us to predict that they will be much in demand for future home talents.

The program is completed by a novelty musical act by Misses Bess Scott, Edith Wilson and Glenn Goff, who use some classical and popular numbers for three pianos, also some selections for piano, voice and violin, and songs and dances.

For a finale they have selected a burlesque on the sextet from "Lucia," which is full of comedy, and real music, too.

Altogether it is a program with more good music than has been attempted here for a long time; the first real minstrel show for years, and guaranteed to be free from all suggestive stories.

It should meet with a large attendance, as a portion of the proceeds go to the charity board.

FINAL WORKOUT.

Maryville High School Track Team Expects to Make a Good Showing.

The local high school team will take their final workout this afternoon at the Normal school track in preparation for the meet tomorrow.

Nothing but very light work will be done so the men will be in the best possible shape for tomorrow. Paul Willson has been doing good work in the pole vault, and with things breaking even tomorrow should annex some points for the high school. Flemming and Pickens have been showing up well in the dashes. Gorman has been heaving the shot about 36 feet, which should place him on the pay list in that event. Coach Polson says that the men are in good shape, and thinks a fair share of the spoils should come Maryville's way tomorrow. The men who will represent the high school are Gorman, Murray, Benight, Glass, L. Willson, P. Willson, Flemming, Strader, Yehle, Pickens, Miller and Farmer.

Mrs. N. T. Saidy is here again at the Elite millinery store with a new line of beautiful fancy work, such as Maderia hand embroideries, Venetian and Filet laces, and a variety of other things. Will be here a few days.

Number of parcels delivered by city carriers on regular trips with other mail, 660.

Number of parcels delivered by rural carriers, 607.

The total number of parcels handled by the office within that fifteen-day period was 3,627.

The estimated cost of clerk hire for handling parcel post packages for fifteen days, $27; number of insured parcels, 52, from which the fee was $2.60; number of C. O. D. parcels mailed here, 2.

The number of parcel post packages mailed out of Maryville was 910, from which the department received for postage, $68.20.

Words of Praise

For Mayr's Wonderful Stomach Remedy

"How thankful we are to you for getting a hold of your wonderful Remedy. My wife could not have had but a short time to live if she had not taken your Wonderful Remedy when she did. One more of those paroxysm pains she was having would have killed her without a doubt. Now she is free from all pain, free from heart trouble and free from that disturbing Neuralgia—all the results of five treatments—and the expulsion of five or six hundred Gall Stones. Now she is able to eat anything she wants and her appetite is good and before taking your medicine she had no appetite and when she ate anything she would suffer death for so doing and could not sleep at night; since taking your treatment she sleeps well all night long. **F. A. NEALL, Roanoke, Texas."**

The above letter should convince you more than anything we could say in behalf of **Mayr's Wonderful Stomach Remedy.** Sufferers should try one dose of this Remedy—one dose should convince them that they can be restored to health. Nearly all Stomach Ailments are caused by the clogging of the intestinal tract with mucoid and catarrhal accretions allowing poisonous fluids into the Stomach and otherwise deranging the digestive system. **Mayr's Wonderful Stomach Remedy** painlessly removes these accretions without a surgical operation and puts an end to Colic Attacks, Gases in the Stomach and Intestines and all of the usual symptoms of Stomach, Liver and Intestinal Ailments. Ask your druggist about **Mayr's Wonderful Stomach Remedy** or send to Geo. H. Mayr, Mfg. Chemist, 154 Whiting St., Chicago, Ill., for free booklet on Stomach Ailments and many grateful letters from people who have been restored.

GRIPPE PREVALENT.

How to Regain Strength After a Severe Attack.

With so much grippe prevalent this winter a few words of advice regarding its cause and treatment will not be out of place.

Grippe is an infectious disease easily taken when the system is in a tired or run-down condition.

The best means of prevention are to keep the blood in good healthy condition, and if the system gets into a weak, run-down condition, take Vinol, our delicious cod liver and iron tonic.

A lady from Long Branch, N. J., says: "Grippe left me in a nervous, weakened, run-down condition. After taking three bottles of Vinol I am better and stronger than I have been for years, and I cheerfully recommend Vinol to all who have suffered from the grippe and need strength." (Name furnished on request.)

We have never sold in our store such a valuable strength creator and health restorer for the convalescent, the weak and run-down as Vinol, and your money will be returned if it does not do all we claim for it. Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

Bosch-Maxwell Wedding.

Miss Sarah E. Bosch and Mr. Will Maxwell of St. Joseph were united in marriage Tuesday afternoon at 1:30 o'clock, at the home of the bride's parents, Mr. and Mrs. Eri Bosch, of near Pickering. The bride has been a faithful worker in the Christian church of Pickering for some time, and her wedding was of much more than passing interest, for she is admired by all who know her. The ceremony was performed by her pastor, Rev. E. W. Killion of Pickering. The bride wore a beautiful gown of white crepe de chine and chiffon cloth, with crystal and pearl trimmings and carried bride roses. Her bridesmaid, Miss Lettie Maxwell, sister of the groom, was gowned in pink and carried pink and white carnations. The wedding music was played by Mr. Robert Wrigley of Savannah. Luncheon followed the ceremony. The bride and groom received many beautiful gifts. Among the gifts were a draft for $50 from the Bank of North St. Joseph, a $25 dinner set and $5 each from Mr. James Todd and Mr. Sam Todd of St. Joseph. The bride and groom will be at home after May 1 in St. Joseph, where Mr. Maxwell is bookkeeper and assistant cashier of the Bank of North St. Joseph. The out-of-town guests at the wedding were Mr. and Mrs. E. J. Maxwell, Mr. and Mrs. D. W. Maxwell, Mr. and Mrs. D. W. Maxwell, Mr. and Mrs. D. S. McDonald, Misses Lettie and Jessie Maxwell, Mrs. S. Beech, who will leave shortly for their new home in San Diego, Cal. Post Commander J. T. Karr presided and the program given consisted of talks by Judge J. H. Sayler, Mr. Beech, Mrs. R. M. Black, president of the corps; Mrs. Beech, Mrs. R. S. Braniger and Mrs. Mary J. Honnold. The musical part of the program was in charge of Mrs. Z. Shakespeare's Birthday Celebrated.

Shakespeare's birthday was observed in a most fitting manner Thursday afternoon when the Shakespeare department of the Twentieth Century club met at the home of Mrs. Ferdinand Townsend. Roll call was responded to by favorite Shakespeare character, and why? Mrs. G. B. Holmes read a well prepared article on "Comparison of Shakespeare and Ibsen." This was followed by a vocal number, "Blow, Blow, Thou Winter Wind," by Mrs. Townsend. The special feature of the afternoon's program was a lecture, "The Genius of Shakespeare," given by Rev. G. S. Cox. Excerpts from the lecture follow:

Some one has said that poets are born and not made. The native originality of a man is often hard to catch, and much more difficult in the case of one so startlingly versatile as Shakespeare. No man can work without tools, and these we can discover in his case. His genius is not in the tools with which he works or the external form of his product, but in the stamp of mind which he placed upon his work. That is always characterized by fidelity to fact. This constitutes his universality and our interest in him today. The stage left a great heritage to him and needed but the touch of his hand to give it a perfect expression. Pioneers in poetry, prose, comedy and tragedy had blazed the way along which his genius was to follow. Holinshed's Chronicles and Plutarch's Lives were a great mine of plot, characters and materials which needed but the surface removed to reveal their treasures. With all these in hand the ability to take them and hold up the mirror to nature in all its various phases is his claim to a place among the immortals. Smiles and tears, courage and cowardice, sin and virtue, fact and fancy, natural and supernatural, the sublime and the ridiculous of life all lie so close together and are so intermingled in experience that it makes us shudder to see the possibilities of human nature. We are indebted to Shakespeare for keen analysis, and true portrayal of these forces in the making of character.

Mrs. D. J. Thomas gave a vocal solo, "Who is Sylvia?" by Schubert, and this number concluded the program. Mrs. G. S. Cox was a guest at the meeting.

FRECKLES

Now is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of othine—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength othine as this is sold under guarantee of money back if it fails to remove freckles.

1,000 Veterans of Mexican War.

As a matter of interest at this time the pension office has made public a list of surviving veterans of the Mexican war of sixty years ago. It shows that there are between 900 and 1,000 men living who served in that war, of whom about 10 per cent reside in Missouri and Kansas. James E. Wing of Hopkins is the only surviving member in this county.

Communication

A Statement From People's Telephone System Officers.

We, your board of directors of the People's Telephone Union, Maryville, Mo., desire to say a few words through the Maryville paper in reference to a few things pertaining to the betterment of the system and its subscribers. But few people realize the magnitude of this great enterprise, situated as it is in one of the best towns and counties in this part of the country. It is said to be one of the largest if not the largest mutual telephone systems in the corn belt, with nearly 700 subscribers, represented by farmers, citizens, business men, their families and their employees, accommodating something like 3,000 people in this one exchange. It has numerous trunk lines connecting all the towns in the county, directly or indirectly, as well as many other towns outside the county, giving free toll service to all of its subscribers in this part of the country.

This free toll line system is one of the great problems now confronting us. We need more trunk lines all over the county. We need county organization of all the mutual exchanges within the county to carry out the plan. No one not a subscriber or a member of their family or an employee should have the free use of the trunk lines. All non-subscribers are supposed to pay a toll fee of 15 cents, and unless the subscribers give us their personal aid in this matter we cannot hope to enforce the rule as it should be. It costs money to build and maintain these toll lines, and we should not be asked by non-subscribers to take care of them free, no more than we should ask the Bell long distance to take care of us free. Help us to enforce this rule and we will not only add money to our treasury, but be able to take care of your calls more promptly.

Give us your personal aid, each and every one of you, by paying your dues promptly, keeping your respective lines in good repair, reporting to us any infringements on your rights. We are ready to listen to any and all just complaints and ready to assist you in every way possible, and beg of you to lend us your aid in making this one of the best mutual telephone systems in the world. We are willing to sacrifice our own business and are very anxious to build this exchange up to where it should be, and promise you that at the expiration of our term of office you shall know in plain figures where the money came from and where every cent of it went, a thing you have a right to know. And now in conclusion, we want to kindly ask the few that are hesitating on paying their dues for this biennial period, now due, to think the matter over carefully before the time comes, that we will be compelled to cut you off or refuse you service. We are here to give every person in any way connected with this exchange, as well as all other exchanges, a square deal, and are more than anxious to serve you to the best of our ability.

Remember we are your hired servants.

Yours for a bigger and better telephone exchange.

ALL QUIET IN VERA CRUZ NOW

Three More Americans Slain.

TWENTY-FIVE WOUNDED

Desultory Firing Since Landing of Forces is Silenced

ALL INHABITANTS DISARMED

House to House Search Made and Weapons Found Are Seized.

Washington, April 24.—Fighting in the city of Vera Cruz has finally stopped. Rear Admiral Fletcher by wireless reported that desultory firing that had continued since the American forces landed Tuesday had been silenced by a house-to-house search and disarming of all inhabitants.

Rear Admiral Badger reported to the navy department that three more men had been killed and twenty-five wounded in the fighting at Vera Cruz.

Those killed were: D. J. Lane, seaman; E. H. Frohlichstein, ordinary seaman; E. C. Fisher, ordinary seaman.

The wounded list included: Frank Phillips, drummer; George J. Soden, gunner's mate, second class; E. G. Wright, ordinary seaman; H. Firdth, ordinary seaman; L. H. Taylor, ordinary seaman; W. A. Kiets, chief turret captain; R. E. Lee, ordinary seaman; Edward C. Walter, seaman; H. P. Nagorowski, private; R. O. Jans, seaman; W. L. Hawk, boatsmain's mate, second class; J. L. Harrison, seaman; P. A. Stevens, ensign; C. C. Wilcox, ordinary seaman; S. J. Everett, ordinary seaman; F. L. Bates, seaman.

Gives Out Statement.

Secretary Daniels gave out this statement:

"Admiral Badger wires that he landed the battalion from the Minnesota, Michigan and South Carolina and that the landing forces now ashore totals about 5,400 men. The Minnesota, Chester, Prairie and San Francisco are lying in the inner harbor.

"Admiral Badger reports that as a result of desultory firing three more American sailors were killed and about twenty-five wounded.

"The landing party now occupies all the city and outposts have been stationed on the sandhills in the rear, who have been engaged in constructing defensive works.

No Business Transacted.

"Admiral Badger, in command on shore, is making every effort to induce the Mexican municipal authorities to resume their duties and take up the early administration of the city. He reports negotiations fairly successful so far. No business, however, is being transacted. The public service utilities have stopped because the employees refuse to run the eventual risk to themselves of resuming employment.

"Very little food supply has been coming into the city and it is thought that within a few days the question of feeding the people of the city will become paramount and that it is possible the United States will be called upon to furnish food. The water supply is causing some anxiety.

"The Mexican forces, under General Maas, are disposed along the railroad line and while Admiral Badger reports the rumor that they are preparing to attack, he adds that any attack can be successfully resisted.

"The tugs Patapasco and Patuxent have arrived. The Nashville arrived at the same time, but proceeded down the coast."

Navy Gets Army Support.

United States troops moved to reinforce the American navy at Vera Cruz; the embargo on arms into Mexico formally was restored, and troops were ordered to the Mexican border, primarily to relieve uneasiness among border residents, but also as a precaution against hostile military operations along the international line.

Secretary Garrison announced that a brigade of infantry and some artillery under Brigadier General Frederick Funston had been ordered to embark on the four army transports at Galveston for Vera Cruz, to support the expeditionary forces of marines and bluejackets there. The chance that General Maas, the federal general, might make a return attack on Vera Cruz, with reinforcements and the possible necessity of a forward movement toward Mexico City to protect fleeing Americans, and the Vera Cruz railroad, were the underlying reasons for the military movement.

The restoration of the embargo on arms was officially announced after the pronouncement of General Carranza, the constitutionalist chief, that he regarded the seizure of Vera Cruz as a violation of Mexican sovereignty, had been considered by the administration. While Mexican constitutionalists here protested that Carranza's real attitude was friendly, the American government decided to take no chances and abruptly stopped shipment of all arms into Mexico.

Warning to Carranza.

President Wilson earlier in the day had issued a statement warning General Carranza, the constitutionalist chief, that the United States was dealing now and would continue to deal with those whom Huerta commands "and those who come to his support."

Both Nelson O'Shaughnessy, the American charge d'affaires, and Senor Algara, the charge d'affaires of the Mexican embassy, have been given their passports and have left their respective capitals. This is not regarded by the Washington government as presaging war, but a declaration of war by Huerta would not be unexpected.

The United States has chosen Brazil to look after its interests in Mexico. Where there are no Brazilian consuls, French consuls will act for the United States.

During the day a special reserve fleet, ranging from dreadnoughts to gunboats, was ordered to the Atlantic coast of Mexico.

Badger Asks Authority.

Rear Admiral Badger requested permission to capture all Mexican gunboats and vessels carrying troops or ammunition for the aid of the Mexicans around Vera Cruz.

These were the oustanding developments which came in dramatic sequence throughout a day of extreme tension.

The national capital was nervous with excitement while diplomatic relations of the Huerta government and the United States were being finally severed and the army and navy continued to put themselves on a war basis.

Revelation of the purposes of General Carranza and President Huerta are being awaited before a complete military campaign is developed. The United States intends to take no offensive steps for the present, preferring to hold Vera Cruz until the situation in Mexico City and elsewhere in the southern republic crystallizes.

Refugees Arrive.

Admiral Fletcher informed the navy department of the arrival of the refugee train from Mexico City at Vera Cruz with fifty English, 150 Americans, 300 Mexicans and 75 Germans. The first secretary of the British legation at Mexico City, the dispatch stated, accompanied the train and will return with it to Mexico City today. The refugees reported the situation in Mexico City as not unduly alarming as regards the safety of foreigners.

Rocks were thrown at some of the American buildings, notably the American club, and some commercial establishments. It was reported that two Americans, while intoxicated, had been killed on the streets, but not confirmed. An attempt was made to pull down the statue of Washington.
